AANA Journal

Volume 59
1991 Index of Titles, Subjects and Authors

A

AANA Annual Meeting Quickview, 201

AANA Journal Course: New technologies in anesthesia: Update for nurse anesthetists—Part XII—Transdermal and transmucosal administration of anesthetic drugs, 38; Part XIII—Clonidine: An established drug with futuristic indications, 161; Part XIV—Monitoring ventilation and compliance with Side Stream Spirometry™, 249; Part XV— Continuous spinal anesthesia, 373; Part XVI—Noninvasive, continuous, cardiac output monitoring by thoracic electrical bioimpedance, 445

AANA Journal Course No. 10 Examination Information, 185

AANA Practice Committee introduces new column: see Practice Issues, 502

Adrenergic response to laryngoscopy and intubation, 91

Agency for Health Care Policy and Research: see Washington Scene, 13

Albumin: see Clinical Exchange, 592

Alden, Meigs A.: Nurse anesthesia: Evolution of the first New England regional graduate program, 78; A brief historical report of the development and accomplishments of the New England Assembly of Anesthesia School Faculty, 263

Alfentanil analgesia/sedation for extracorporeal shock wave lithotripsy: A comparison with general and epidural anesthesia, 533

Allergic reactions to latex, 300

Alternative methods of determining neuromuscular blockade, 82

Anabolic steroids, 139

Anaphylactic reaction in an 8-year-old patient that occurred shortly after intra-abdominal contact with latex surgical gloves, 399

Anaphylactoid reaction: see Clinical Exchange, 592

Anderson, Craig E.: see Clinical Exchange, 538

Anesthesia and the surgeon's comfort: see Legal Briefs, 505

Anesthesia for athletes using performance-enhancing drugs, 139

Anesthetic considerations for the postcardiac transplant patient, 47

Anesthetic management for anterior mediastinal mass and mediastinoscopy: A case study, 365

Answers to the *AANA Journal* Course No. 10 Examination, 382

Anterior mediastinal mass, 365

Anticoagulation and Iloprost® for heparin-induced thrombocytopenia: A case study, 432

Arteriovenous malformation: see Clinical Exchange, 260

Article cited on the use of laser-resistant endotracheal tubes and wraps: see Letters to the Editor, 4

Atherosclerotic degeneration removes the possibility of performing coronary bypass grafting on the postcardiac transplant patient: see Letters to the Editor, 197

Atkins, Craig: see Clinical Exchange, 136; *AANA Journal* Course: New technologies in anesthesia: Update for nurse anesthetists—Part XVI—Noninvasive, continuous, cardiac output monitoring by thoracic electrical bioimpedance, 445

B

Barton, Charles R.: Intraoperative latex anaphylaxis compounded by atracurium sensitivity: A case report, 399

Beta-adrenergic blockade, 541

Beutler, Jeffery M.: Federal legislative and regulatory impact on funding of nurse anesthesia educational programs: Medicare reimbursement for nurse anesthesia education, 180

Biddle, Chuck: *AANA Journal* Course: New technologies in anesthesia: Update for nurse anesthetists—Part XII—Transdermal and transmucosal administration of anesthetic drugs, 38; see Clinical Exchange, 136

Biddle, Wendy: see Guest Editorial, 421

Blood pressure, 91

Blue Shield: see Legal Briefs, 35

Blumenreich, Gene A.: see Legal Briefs, 35, 98, 194, 302, 390, 505

Bohn, Christine Marie: Comparative flow rates of thin-walled and conventional-walled intravenous catheters, 453

Booth, Michael J.: The past, present and future of accreditation, 289; Current and future perspectives regarding the framework for nurse anesthesia education: Within the framework of allied health departments, 487

Bullard, Willis G.: Military education of nurse anesthetists and the case for centralized academic programs with multiple clinical affiliates: U.S. Air Force, 294

Bullough, Bonnie: The cost of nurse anesthesia education, 183

Butrica, Barbara: Study of nurse anesthesia manpower needs, 233

Buzby, Marianne: see Guest Editorial, 421

Byrnes, George T.: Military education of nurse anesthetists and the case for centralized academic programs with multiple clinical affiliates: U.S. Navy, 490

C

Cardiac output monitoring: see *AANA Journal* Course—Part XVI, 445

The cardiopulmonary and metabolic effects of hypoxia during acute adrenocortical suppression by etomidate in the dog, 281

Cardiovascular collapse following infusion of 5% albumin: see Clinical Exchange, 592

Cataract surgery: see Letters to the Editor, 101

Centers for Disease Control releases new AIDS guidelines: see Washington Scene, 305

Chrisman, Bruce B: see Letters to the Editor, 298

Clinical Exchange, 136, 260, 538, 592

The clinical nurse anesthetist as diagnostic sleuth: see Clinical Exchange, 136

Clonidine: An established drug with futuristic indications: see *AANA Journal* Course—Part XIII, 161

Cohen, Shep: The role of the medical director in nurse anesthesia education, 563

Collins, Patricia: see Clinical Exchange, 260

Common problems in waste gas management: see Practical Technicalities, 109

Comparative flow rates of thin-walled and conventional-walled intravenous catheters, 453

Continuous spinal anesthesia: see *AANA Journal* Course—Part XV, 373

Controlling increases in heart rate and blood pressure during endotracheal intubation, 91

Cornelius, Mary Joan: see Guest Editorial, 421

Cortisol, 281

Cost containment: see *AANA Journal* Course—Part XVI, 445

Council for Public Interest in Anesthesia, official listing of members, 596

Council on Accreditation List of Programs to be Reviewed During Fiscal Year 1992, 343

Council on Accreditation, official listing of members, recognized educational programs, 597

Council on Certification, official listing of members, 595

Council on Recertification, official listing of members, 595

Cromwell, Jerry: Study of nurse anesthesia manpower needs, 233

CRNA and participating anesthesiologist conversion factors according to carrier locality: see Washington Scene, 508

D

The denervated myocardium and related anesthetic considerations, 47

DeNuccio, David J.: Nurse anesthesia: Evolution of the first New England regional graduate program, 78

DePaolis-Lutzo, Mary V.: Anesthetic considerations for the postcardiac transplant patient, 47; Factors influencing nurse anesthesia educational programs: 1982-1987, 177; Nurse anesthesia education within the framework of nursing education, 492

Drug administration techniques, 38

Drug compliance: see *AANA Journal* Course, Part XII, 38

The dual role—Educator and lobbyist: see Education News, 106

Dunkle, Gretchen S.: see Letters to the Editor, 4

E

Education News, 6, 106, 202, 329, 457

Educators have been playing an active role in issues regarding government relations, practice rights and education: see Letters to the Editor, 298

Eger, Edmond I, II: Fetal injury and abortion associated with occupational exposure to inhaled anesthetics, 309

Electrocardiographic changes and intracranial pathology, 229

Elliott, Carol: see Clinical Exchange, 136

Endotracheal anesthesia, 131

Endotracheal intubation, 91

Endotracheal tubes and wraps: see Letters to the Editor, 4

Enflurane, 281

Esmolol, 91, 541

Esmolol and beta-adrenergic blockade, 541

Extracorporeal shock wave lithotripsy, 533

Etomidate, 281

Evaluation of esmolol and fentanyl in controlling increases in heart rate and blood pressure during endotracheal intubation, 91

Evans, Thomas J.: see Letters to the Editor, 101

Excision of an arteriovenous malformation: see Clinical Exchange, 260

F

Faculty positions as a career choice for professionals—Part I: see Education News, 202; Part II: see Education News, 329

Fentanyl, 91

Fest, Sister Maria: A freestanding academic program within a regionalized program framework, 496

Fetal injury and abortion associated with occupational exposure to inhaled anesthetics, 309

Fiedler, Michael A.: see Guest Editorial, 2; Esmolol and beta-adrenergic blockade, 541

Foster, Scott: Regionalized education and the accreditation process, 62

Frederick, Sue: see Guest Editorial, 421

Frels, Lois: see Education News, 202, 329

Funding of nurse anesthesia education, 171

G

Gallagher, Jane: see Guest Editorial, 421

Gates, Lyle E.: Reducing the need for intubation in plastic surgery, 131; see Letters to the Editor (Response), 299

Gaubatz, Caryl L.: Evaluation of esmolol and fentanyl in controlling increases in heart rate and blood pressure during endotracheal intubation, 91

Gelarden, Barbara: Alfentanil analgesia/sedation for extracorporeal shock wave lithotripsy: A comparison with general and epidural anesthesia, 533

Gerbasi, Francis R.: Certification: Past, present and future implications, 338

Giambrone, Albert John: Two methods of single-dose ampule opening and their influence upon glass particulate contamination, 225

Glass particulate contamination following ampule opening, 225

Guest Editorial, 2, 421

Gunn, Ira P.: The history of nurse anesthesia education: Highlights and influences, 53

H

Hamacher, Edward N.: Reducing the need for intubation in plastic surgery, 131; see Letters to the Editor (Response), 299

Hardesty, Glenn A.: Neuromuscular blockade: Electromyographic and mechanical versus visual interpretation, 82

Hardy-Havens, Debra: Federal legislative and regulatory impact on funding of nurse anesthesia education, 171

HCFA issues final rule on "Medicare Payment; Fee Schedule for Physicians' Services": see Washington Scene, 508

Health Care Financing Administration—Structure and mission: see Washington Scene, 102

Health Care Policy and Research: see Washington Scene, 13

Heart rate, 91

Heparin-induced thrombocytopenia, 432

Hess, John H.: Postdural puncture headache: A literature review, 549

Hirschman, Lesa J.: The cardiopulmonary and metabolic effects of hypoxia during acute adrenocortical suppression by etomidate in the dog, 281

Horton, Betty: see Education News, 6, 202, 329

Huffman, Linda M.: see Practical Technicalities, 109; *AANA Journal* Course: New technologies in anesthesia: Update for nurse anesthetists—Part XIV—Monitoring ventilation and compliance with Side Stream Spirometery™, 249

Hypoxia, 281

I

Iloprost®, a recently introduced prostacyclin analogue, 432

Index to advertisers, 81, 192, 296, 388, 500, 612

Inferior turbinate impaction: see Clinical Exchange, 538

Information for authors, 5, 288, 344, 459, 516

Intracranial pathology, 229

Intraoperative latex anaphylaxis compounded by atracurium sensitivity: A case report, 399

Intravenous catheters, 453

Intravenous sedation technique, 131

Intravenous thiopental: see Letters to the Editor, 4

An introduction to research: A primer for the nurse anesthetist: see Guest Editorial, 421

Intubation, 91, 131

J

Jordon, Lorraine M.: The impact of the national nursing shortage on applicants for nurse anesthesia educational programs, 573

Joyce, Joseph A.: Anesthesia for athletes using performance-enhancing drugs, 139

K

Ketamine-based intravenous sedation technique, 131

Kilde, Sandra J.: Current and future perspectives: Regarding the framework for nurse anesthesia education as a free-standing school, 477

Kole, Terrie: see Practice Issues, 502

L

Laryngoscopy and intubation, 91

Laser-resistant endotracheal tubes and wraps: see Letters to the Editor, 4

Latex, 300, 399

Leach, Steven R.: see Clinical Exchange, 592

Legal Briefs, 35, 98, 194, 302, 390, 505

Letters to the Editor, 4, 101, 197, 298

Lidocaine: see Letters to the Editor, 298

Lithotripsy, 533

Loeffler, Arlene S.: Freestanding university program, 498

Lovell, Sandra L.: see Education News, 6

M

Manpower needs, 233

Maree, Sandra M.: An analysis of the cost of nurse anesthesia programs, 577

Marley, Wanda S.: *AANA Journal* Course: New technologies in anesthesia: Update for nurse anesthetists—Part XIII—Clonidine: An established drug with futuristic indications, 161

Masters, Frederick L.: Current and future perspectives: Regarding the U.S. Army/Texas Wesleyan University program in anesthesia nursing, 480

McCarthy, E. Jane: see Guest Editorial, 2

McKeown, Thomas J.: Anesthetic management for anterior mediastinal mass and mediastinoscopy: A case study, 365
